p16gkan@ionio.gr

Skills

Python

HTML5,CSS

C,C++

(*)[The skill scale is from 0 (Fundamental Awareness) to 6 (Expert).]

Hello, Im a third-year student at the Department of Informatics. I spend my free time working on projects for my own satisfaction. I have developed skills in some programming languages, especially in C and C++. I like to work with other people with whom we have the same interests and i know that i can trust them. Also, i like to participate in competitions, events or seminars related to my interests, for example hackathons, workshops.

Education

2016 - Present Undergraduate Student
Master in Computer Science

Ionian University

Projects

Super Mario <https://kwnstant1na.github.io/Super-Mario>, A school project

Interests

Climbing, Reading Books, Music, Youtube
